

## Need-2-Know Maths Club FAQs

### We asked a group of students what they want to know!

- How long is it for? Once you join this you can stay as long as you would like.
- How can I choose? We know this would be overwhelming so we have selected 6 courses to go into each Set.
- What if I want 6 different courses? Yes you can definitely do this, we have a 'You Choose' option. You're able to choose any 6 courses you would like. We will have an option to choose your six.
- What if I want 6 different courses, like 2 for me and 4 for my sister? Go to the "You choose" option and choose what you would like!
- When you sign up what happens? We will send you a link which will mean you can access all of the Courses you have enrolled in.
- Do I have to do all the modules in each course? There is five of them in each course – you can choose what you do.
- How do I know how I'm going? Each module (5 in each course) has a self quiz at the end to check how you are doing.
- Will this help me remember things? Yes definitely – the more you practice the more you will remember.
- If I want 6 more can I add these in? No you will need to purchase another group of six using the same process.
- What happens at the end of the school year? We will close your current courses and enrol you in a new pack. If we have a question we will be in contact with you.
- Do I have to do them once I've linked up? No you don't but we encourage you to do them lots of times so you get better and better with this learning.
- Why would my Mum or Dad or Grandma choose these? Because they are really affordable. They can get these Need-to-know courses without it costing heaps!
- Are they just for revision? Absolutely not! Kids use them for all sorts of reasons. Things like helping to remember, learning new things, improving what you know, learning at my own pace that I want to go.
